ILI has been the primary provider of residential and in-home caregiving services for local residents with developmental disabilities since 1985. Currently, we provide services to 76 clients and employ nearly 160 area residents. ILI is a 501(c)(3) and all donations are tax deductible. ILI strives to provide clients a life parallel to that of persons without disabilities, which is not possible on government funding alone. As a non-profit 501(c)(3) organization based in Harrison, we rely on contributions from area businesses and residents to help us achieve our mission. Our mission is: "Independent Living, Inc. provides people with disabilities the opportunity to develop and enhance their quality of life through services that encourage independence." Tax I.D.# 58-1627294
