

Crawdads Days Festival **Northwest Arkansas District Fair**

P.O. Box 1302 Harrison, AR 72602

April 21, 2020

Due to the continued risk of exposure to COVID-19, we have decided to cancel the 2020 Crawdad Days Festival. We are following the directives issued by state and federal authorities to minimize the threat of exposure to the general public.

While we are heartbroken, we have a responsibility to protect our neighbors, our friends, and our families.

We will be taking this extra time to plan for the 2021 festival and hope to make it the best one yet. Rescheduling such a massive event was just not possible. There are too many components that could not be changed or rescheduled.

We want to say “Thank you” for all the love and support we have received since undertaking the festival. We hope you stay safe and healthy during this unprecedented time for the world.

VENDORS – refunds will be issued this week and sent to the mailing address on your application.

Mark your calendars!! Crawdad Days 2021 – May 14 and 15, 2021

Respectfully,

Allison Black

Manager

Northwest Arkansas District Fair
